

ABCT ASDD SIG Co-Chair Elect Criteria

1. ASDD SIG Participation

Please rate the candidate’s level of commitment to and participation in the ASDD SIG.

Excellent (3)	Good (2)	Adequate (1)	Minimal (0)
Committee Chair (1+ years)	Member of 2 Committees (1+ years) OR 1 Committee (2+ years)	Member of 1 Committee (1+ years) OR 2+ SIG presentations (e.g., SIG talk, poster, Discussion Series speaker, etc.)	No prior committee work, 1 or fewer SIG presentations

2. Leadership, Innovation, and Impact

Please rate the candidate’s experience in leadership areas (e.g., coordinating trainings, outreach efforts, running clinics, supervising teams), innovation of ideas and approaches, and impact on prior teams and groups (e.g., awards, publications, grants, promotions).

Excellent (3)	Good (2)	Adequate (1)	Minimal (0)
Leadership demonstrated in 3+ areas AND/OR excellent approaches to innovation and demonstrated impact of existing work	Leadership demonstrated in 2 areas AND/OR notable generation of new ideas with likelihood to make a significant impact	Leadership demonstrated in 1 area AND/OR some novel approach or team impact	No leadership experience, minimal innovation or impact

3. Commitment to Diversity, Equity, Inclusion, Accessibility, and Justice

Please rate the candidate’s commitment to work related to diversity, equity, inclusion, accessibility, and justice. Work may be related to research, clinical services/supports, teaching, or advocacy/community efforts. These efforts should be inclusive of diverse populations (e.g., people of historically marginalized gender, assigned sex, ethnracial identity, or sexual orientations) or representing understudied autistic populations (e.g., adults, aging, autistic parents, pregnant people, co-occurring intellectual disability, non-speakers). ***Note that working in the field of autism does not itself qualify towards this rating.***

Excellent (3)	Good (2)	Adequate (1)	Minimal (0)
Majority of the candidate's work is in this area.	Clear line of work in this area but may not represent most of the candidate's work.	Reference to work in this area but not clearly integrated within primary focus.	Unclear or no experience or goals described in this domain

ABCT ASDD SIG Co-Chair Elect Criteria

4. Alignment with the SIG’s Mission and Goals

Please rate the alignment between the candidate’s orientation, goals, and recent work with the mission of the ABCT ASDD SIG—to advance efforts for diagnostic access, interventions, and supports that are respectful, relevant, and accessible to all members of the autistic community. These efforts include:

- **Conducting work that is aligned with the priorities of the autistic community**, for example on topics related to improving the mental and physical well-being of autistic people, screening and diagnosis, access to supports, and community acceptance and inclusion (for more details, see Roche, Adams, & Clark, 2021 and/or Pukki et. al, 2022).
- **Promoting meaningful and relevant clinical care**, for example in the areas of communication and self-regulation processing differences, co-occurring mental health symptoms, societal knowledge and acceptance, and implementation science centered on promoting access to quality and affirming community supports).
- **Collaborating with and learning from autistic advocates and other community members**, for example through co-creation with or advisement from autistic people (e.g., working together or gathering feedback on research questions, project design, materials, or interpretation of findings) or including autistic self-report (e.g., interviews, questionnaires).

Excellent (3)	Good (2)	Adequate (1)	Minimal (0)
Values align with all 3 SIG goals with at least some demonstrated work in each area	Values and work clearly align with 2 of the SIG goals	Values and work clearly align with 1 of the SIG goals	Values and work align with 0 SIG goals
